

DRINKING FROM THE FIREHOSE

October

Greetings, from Wasilla, Alaska! I'm excited to talk about the month of September. It was a month of connection, new beginnings and the love of Christ! We started our weekly ministries back up, see as summer us now over and we wont be at Midnight Sun Bible Camp again. We spent time with Christians in fellowship, and we got to reconnect with some old acquaintances.

Firstly, though, I must thank you all so very much for your continued support and partnership in the mission with me. Without you all, I could not be here in this amazing place.

Early on in the month, we talked about our

ministries and the things we would do since Summer has come to an end. We came up with ideas such as Bible teaching at the local library, or doing our What's Your Story ministry in malls or outside of Wal-Mart, putting up flyers around town telling people about the Valley church, and other various things. We are now in the stage of putting these ideas into action, so please pray for fruitfulness and open doors.

We've also started our started What's Your Story at UAA again and added a new concept to it. We now, alongside having the What's Your Story sign, we have a sign reading "Jesus Loves You, Change My Mind". The object of this addition is to invoke more spiritual conversation

with the students and to simultaneously remind them that no matter who they are, they are loved by God. So far, we have had two conversations about the Trinity and deity of Jesus and have had our photo taken for the school newspaper!

Later on in the month we had more involvement with the South Anchorage congregation, attending their monthly Praise and Prayer night where

eat, sing and pray together! Praise our Lord for His church and the unity He calls us to! It is such a beautiful thing. We also spend good time with the minister of that congregation and some other members over dinner and fun.

My parents also came up to Alaska for a week long visit, and it was such a blessing! They got to experience the amazing beauty of God's creation here, got to meet several members of the Body here and do some touristy activities as well. We were blessed to have been offered a place to stay and a car to use by members of the Body here and had great conversations with Christians over lunch and dinner at different times throughout their stay. We went to a place called Talkeetna and

had a good lunch with a beautiful view of Denali on the way and traveled to Seward to worship with the Body there and see the SeaLife Center. God gave blessings all around as they fell in love with this place and these people, and they loved my parents.

It was a great time for me as well, seeing my parents for the first time in a year and a half. And look forward to seeing them, and you all, very soon! Please be in prayer for my coming departure and return home. Pray that I finish here strong and not slow down. That I grow continually in our Lord Jesus. I love you all so very much.
